

# Park & Charge

The central solution for paying parking fees and charging processes – for cities and public customer parking areas.

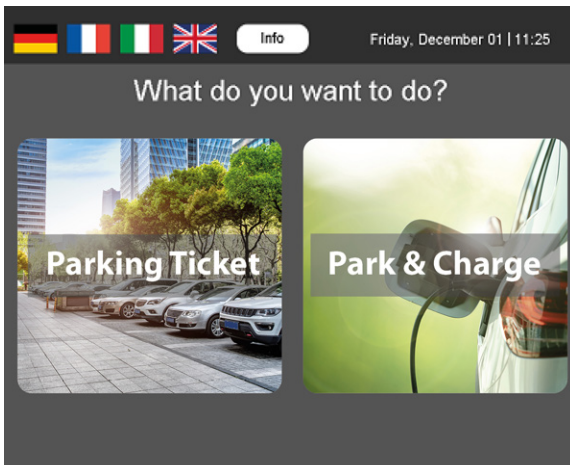

## Your benefits

- ✓ A central terminal for paying charging and parking fees
- ✓ High cost efficiency by reducing investment
- ✓ Fast & contactless payment with all common payment methods
- ✓ Future-proof: new functions can be easily upgraded
- ✓ Management via our SaaS cloud solution

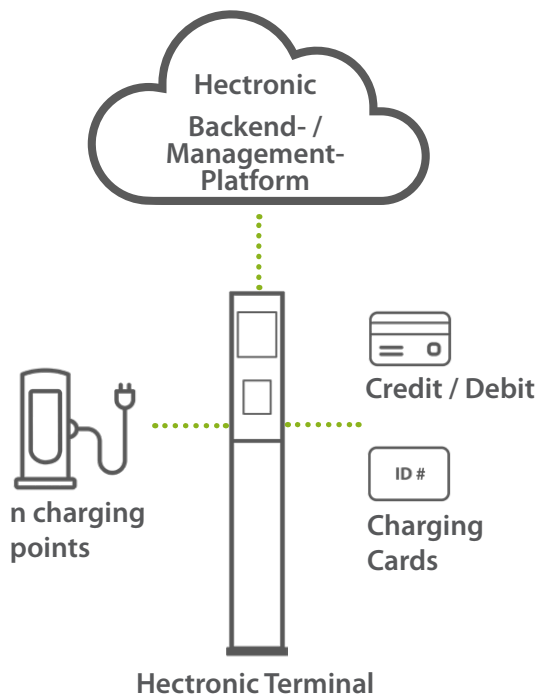

## Our terminals & cloud systems – Gateways to modern mobility

### Selection in the terminal start menu

### Central functions and modules of the terminals

- Compatible with all common charging stations and backend systems
- Large sunlight-optimized touch displays with an intuitive menu navigation
- Use of credit and debit cards as well as digital wallets (Apple Pay and Google Pay)
- Connectivity to numerous charging points possible

### Management / Backend solution via cloud

- Stations, user, and terminal management
- Monitoring and configuration from the office
- Numerous digital tools (e.g., license plate operation, variable discount, digital receipt)
- Parking Operations Module for managing your parking operations
- Flexible integration with third-party providers
- 24/7 access via tablet, smartphone, and notebook
